

Written Exam

Algorithms and Data Structures

Jacob Trier Frederiksen & Anders Kalhauge

Spring 2019

Tuesday, May 14th, 09:00-10:30, Room CL-362 D. **Be there on time.**

NB: passing this written exam is required for eligibility to attend the oral final examination.

You will not receive an actual grade for this written exam, but you will receive a 'pass' / 'no pass'. You must complete this exam on your own, individually.

- You may use your computer, and the internet, for reference material.
- Talking or sharing material with classmates is disallowed.
- You must *not* communicate with others. Please close all communication services such as Facebook, Messenger, Skype, and mobile phones, etc.

Your answers shall be handed in on paper. Please label any scratch paper with calculations/text/drawing clearly, if you need more space for answers than the printed exam sheets.
