Written Exam
Algorithms and Data Structures

Jacob Trier Frederiksen & Anders Kalhauge

Spring 2019

Tuesday, May 14th, 09:00-10:30, Room CL-362 D. **Be there on time.**

NB: passing this written exam is required for eligibility to attend the oral final examination.

This exam is multiple choice; *only one choice should be made for each question.* Except question 15, where you must write the answer explicitely.

All questions carry equal weight. Total score is 17 points (not study points).

Your answers shall be handed in on the exam paper sheets.

- You must complete this exam on your own, individually.

- You may use your computer, and the internet, for reference material.

- Talking or sharing material with classmates is disallowed.

- You must *not* communicate with others. Please close all communication services such as Facebook, Messenger, Skype, and mobile phones, etc.

You will not receive an actual grade for this written exam, but you will receive a 'pass' / 'no pass'.
